CREATING SERENE & REFRESHING SPACES that evolve with you

How it all started...

In 2021, I took a leap of faith and began my interior design journey—a long-time passion—while pregnant with my second baby. Enrolled in the Interior Design Institute (IDI), I designed and fully furnished our summer house, my first full-house renovation project. Early mornings, late nights, and countless design assignments later, I graduated from IDI. And now joined by Alper in this crazy dream of mine!

Our Mission...

Understanding how our needs evolve with life stages, our mission is to help busy families refresh their homes effortlessly. We achieve this through a clear process, room-by-room fixed design fees, and flexible implementation oversight options—making interior design approachable and simple.

How We Help...

At Design & Curations, we believe everyone deserves a beautiful, inviting space. We offer full-service, in-person interior design for clients in the Metro Atlanta area and hybrid design solutions to accommodate those outside the region.

Using 3D video and render tools, we bring your vision to life with clear communication and a transparent timeline. From concept development to furniture selection, color schemes, finishes, procurement, and hassle-free installation (yes, reveal day is possible!), we work closely with you to create spaces that are both timely and timeless.

INVESTMENT GUIDANCE

How much will it cost to decorate my home

When it comes to furnishing your home, we understand that it's more than just buying furniture—it's about creating a space that reflects your unique style and personality. And most of the time, I hear you are not sure how much is a fair investment for your home. We are here to help you navigate the world of furniture investment with ease.

Let us offer guidance on budget breakdowns by room, giving you options at two levels: good and great. The "good" level offers quality pieces that meet your needs while staying within a modest budget, while the "great" level includes higher-end selections for added luxury and comfort.

But remember, there's no right or wrong way to invest in your home. It's all about finding the balance that works for you—whether you're splurging on statement pieces or seeking budget-friendly options.

By approaching furniture investment as an investment in yourself, you'll create a space that brings you joy and comfort for years to come.

At the end of the day, your home is your sanctuary. It should evolve with you, adapting to your changing needs and tastes.

Below are some examples of generalized budget guidance as a jumping-off point for re-furnishing rooms.

Furnishing budget guidance*:

- Livingroom: \$20K - \$45K
- Primary Bedroom: \$15K - \$25K
- Home Office: \$10K - \$15K
- Kids Room: \$10K - \$15K
- Dining room: \$15K - \$20K

**Excluding delivery, handling, tax, and assembly.*

WE STRONGLY RECOMMEND A MINIMUM FURNITURE INVESTMENT OF \$20K. .

CLIENT TESTIMONIALS

I can highly recommend Burcu with Design & Curations after using her services on more than one occasion. She is thoughtful and thorough when creating design boards for your unique space.

For those who think they can't afford a designer, what I've learned is that I can't afford not to use someone like Burcu who has saved me hours of time and wasted money spent purchasing the wrong items (wrong size, style, etc) and then having to return them. Burcu saved us time and money by assimilating everything she heard from me/us into a cohesive plan based on our budget that allowed us to move forward with our project in a decisive!

Melinda K., Atlanta

Working with DnC was an absolute joy! We started with plans for a simple Family Room refresh but after our first meeting (where we clicked instantly), we decided to add a kitchen renovation too.

Their designs were beautiful, and they really took the time to understand us - our style, our needs and even what we didn't like (no gold please, LOL 😊).

They delivered more than we ever dreamed of. I can't recommend DnC enough! I already miss working with them and can't wait to dream up our next project together ❤️

Clara, Alpharetta

Burcu provided an incredible experience and end product!

This was my first time working with a designer and I would go back to her for any future project I had. Her final product took into account the functionality, aesthetic and budget of the project.

We're in the process of implementing her design and I continue to be reminded of how much time she has saved me. This project gave me more time to focus on the general contractor and my family while knowing I could quickly transform my space into the oasis I've been dreaming about!

I was impressed by Burcu's versatility and flexibility. She also did a great job connecting various areas of my space in the open concept to create something unique and beautiful.

Jenna P., Atlanta, 3+ Room Signature Design Package
